

# The Nomination Process

We decided to list the process below to clarify the nomination process East Hills uses to nominate, interview, and appoint people to the position of Elder and/or Deacon. This process can be found in our bylaws under each of the leadership positions in articles 5 and 6 (Sec. I). Our desire is to discern whom God might be calling to the position rather than simply having a vote of popularity.

The process of adding a Deacon or Ministering Elder to their respective position will be as follows:

- The congregation shall be asked for nominations using a Nomination Form.
- A committee appointed by the Governing Board shall review the nominations.
- The appointed committee shall interview a pool of candidates who have received the minimum number of nominations and are willing to go through the process.
- After prayer and discernment, the appointed committee shall prepare a final slate of nominees to be presented to and approved by the Governing Board.
- Approved nominees will be listed in the weekly Worship Folder for a minimum of two weeks and made available to the congregation to review.
- Approved nominees will be presented to the congregation for affirmation. If someone votes 'no' during the affirmation process, it must be accompanied by a Biblical reason.

This whole process is covered by prayer, and prayer is not only asked of the committee and Governing Board but stressed as important and essential to the process.

Please note that in the event that a Deacon (Article 6, Sec. K) is not able to complete his/her term of service for any reason, they may be replaced by the Governing Board at its discretion, provided that the replacement meets the qualifications of that position.

In the event that a Governing Elder steps down at any time, any replacement must go through the process as listed.
